

portraits people

Generously sponsored by:

Sunday, July 11th was our Second Annual Portraits for the People event, where families from The Cridge Centre for the Family and Kiwanis House were invited to have their portrait professionally photographed by **BK Studios** free of charge. The event was held on the property and included lots of fun activities and yummy food for families to enjoy before and after their portrait-taking experience.

An enormous thank you to Rebecca & Anna of BK Studios for again offering us their talents, their vision and their generosity to make this event happen. Our families were delighted with their portrait-taking experience, and are so excited to see the finished product!

And thank you, also to several other businesses that supported this event. **Thrifty Foods** offered their support to provide snacks for those who attended this event. **Jump Up Inflatables** provided an amazing bouncy castle for the kids to enjoy. And **Oh La La Cupcakes** donated their delectable cupcakes for adults and children alike. The staff and residents of The Cridge Centre for the Family greatly appreciate your support in making this event a success!
